

MINISTRY OF DEFENCE

VSA MODEL PARLIMENT 2022

Agenda: The LTTE Takeover of Sri Lanka and the
concomitantly declaration of Tamil Nadu as a separate state
from the Indian Union.

Letter from the Executive Board :-

Distinguished council members,

The Defense Ministry is by far the most engaging, yet challenging organization of the Indian Government. The primary function of the Ministry of Defense is to coordinate and supervise all government agencies and operations of the Indian Armed Forces. Thus, being entirely responsible for the country's national security. Upon its inception at the VSA Model Parliament, assertive action is expected to be taken to protect the country from external and internal security threats.

Members of this committee are obligated to conduct themselves with utmost respect during the sessions and while addressing other council members. Any demeaning language, discourteous and unparliamentary actions will not be condoned. It is anticipated and imperative that all members have ample knowledge of the agenda at hand. Moreover, as this is a crisis committee, one must possess the ability to acclimate to the ever- changing environment. Undoubtedly, fruitful debates are encouraged by all members of this committee. However, it is crucial that all constituents actively work together to reach a consensus.

It is the pleasure of the Executive Board to congratulate all elected members of this commission, and we wish you all the best of luck. We are open to any inquiries concerning the council and the agenda.

Regards,

Vivek Mallya, Raghav Shandilya and Riya Suhas Executive Board, Ministry of Defense.

Introduction :-

After the Military Supply Department was abolished in April 1909, its functions were taken over by the Army Department. The Army Department was redesignated as the Defense Department in January 1938. The Department of Defense became the Ministry of Defense under a cabinet minister in August 1947. Now, the Government of India is responsible for ensuring the defense of India and every part thereof. In this regard, the Ministry of Defense provides the policy framework and resources for the Armed Forces to discharge their responsibilities within the context of national defense.

Premise to the agenda :-

This nation is facing a new challenge, Tamil Nadu has declared its self as an independent State, influenced by the growing powers of LTTE which has taken over Sri-Lanka, The stability of the Indian subcontinent is under threat due to the sudden rise in extremism. It is the responsibility of the Ministry of Defense to preserve the integrity of the Indian Union.

Objectives and aims of the agenda :-

The Defense Ministry is eager to interact with tenacious, persistent, competent leaders and debaters. In this committee, you have the opportunity to freely express your views and take decisive actions on prevalent issues affecting our country's sovereignty. While prioritizing the interests of our nation, we hope to engage in cohesive and efficient discussions.

Memorandum One

The LTTE has taken over Sri-Lanka amid the economic chaos, the state is now financially stable, and economic growth has returned.

New government policies have been put in place where people of Tamil origin will not have to pay taxes.

A mutual defense pact has been signed between Tamil Nadu and Sri-Lanka

Tamil Nadu has declared independence from India. India considers this action to be unconstitutional.

The reasons cited were, tamilian tax revenue being spent on other poorer states, Oppression of the tamil language, Lack of representation, Invasion of people from other states.

Speech from MK Stalin the Prime Minister of Tamil nadu

What is a language? It is a form of communication, a method of keeping our culture alive. Tamil Nadu is a state rich with culture, culture that is under threat. Every day, Hindi is being forced upon us by the federal government..

Soon there will be a time when there is no more Tamil Nadu, There will be a time when our land will be taken over by people from the north, our temples, monuments, and everything we have ever stood for will no longer remain. People from northern India come to the south looking for jobs but end up staying and not embracing our culture. These northerners take jobs in our state. But don't attempt to embrace our culture. We won't let this go on. It's time for all of them to head back home. It is time for Tamilian Prosperity to return.

Our tax revenue is being wasted in building statues in the north, our tax money is being given to other states. We fund the rest of India and all this ends now.

We will protect ourselves, protect our heritage, the Tamil people will rise again.

Today we are all present here to commemorate the beginning of a new era.

I officially declare "The sovereign Democratic Republic of Tamil Nadu" a free state.

வாழ்க தமிழ்நாடு
